

Product Release 060710
Cylinder Head Gasket
For
C-15, C-16, C-18
3406E w/C-15 cylinder heads
Ref. # 2245122

All Gasket Sets for the above referenced applications now include the 2245122 cylinder head gasket. This gasket utilizes a solid steel core with expanded graphite. This gasket is used with all cylinder heads with recession cut between cylinders.

The former 1539653 cylinder head gasket is still used in 3406E applications with smooth face cylinder heads.

The following chart is a reference for typical cylinder head gasket usages in on-highway applications:

Cylinder Head Gasket	Head Face	Cylinder Head Gasket	Head Face
1539653		2245122	
Serial Number Range		Serial Number Range	
1LW00001-00229	Smooth	1LW00230-UP	Recession
2WS00001-00405	Smooth	2WS00406-UP	Recession
5DS00001-00048	Smooth	5DS00049-UP	Recession
6TS00001-20554	Smooth	6TS20555-UP	Recession
